## CAREER OBJECTIVE

---

B.Tech IT graduate from GRIET with hands-on experience in Java, SQL, Data Analytics, and web development. Skilled in building practical software solutions with a strong foundation in full-stack concepts and machine learning. Seeking opportunities in software development or data analytics to contribute and grow from day one.

## EDUCATION

---

**B.Tech – Information Technology | GRIET, Hyderabad | CGPA: 7.43 / 10** 2022 – 2026

## TECHNICAL SKILLS

---

**Languages:** Java, Python, C, PHP **Web:** HTML5, CSS3, JavaScript, React, Next.js, Bootstrap

**Databases:** MySQL, MongoDB, SQL **Tools:** Git, GitHub, Linux, FastAPI, REST APIs, Streamlit, FAISS

**Data & ML:** Data Analytics, Machine Learning, PyTorch, IoT

## INTERNSHIP EXPERIENCE

---

**Software / IT Intern · IbaseIT, Hyderabad** May 2026 – Jul 2026

- Built and tested software solutions using Python, PyTorch, FastAPI, React.js, Next.js, and SQL in a professional team environment.
- Gained hands-on exposure to end-to-end software delivery workflows, tools, and best practices.
- Collaborated with the engineering team on debugging, testing, and refining code for live projects, strengthening problem-solving skills.
- Supported documentation and process improvements to enable smoother handoffs across the delivery lifecycle.

**Customer Relations Officer (Intern) · SIG Overseas, Hyderabad** Apr 2026 – May 2026

- Handled client communication, resolved queries, and coordinated with internal teams for smooth servicing.
- Gained exposure to business operations, CRM practices, and professional workplace dynamics.

## PROJECTS

---

**MatriSense+: Real-Time ML System for Maternal Risk Prediction · Python, IoT, ML, Streamlit** 2025

- Built an AI-powered maternal health monitoring system with IoT vitals collection and real-time ML risk prediction.
- Developed a Streamlit dashboard for health metrics visualization, personalized alerts, and clinical decision support.

**RetailSense: Retail Conversation Analytics System · Python, FastAPI, faster-whisper, pyannote, FAISS** 2026

- Built an end-to-end speech analytics pipeline with CPU-optimized ASR (faster-whisper), speaker diarization (pyannote), and staff voice identification using ECAPA-TDNN embeddings in an encrypted FAISS store.
- Developed a repeat-customer detection module matching voice embeddings via cosine similarity, with GDPR-aware data retention.

**Reel Forge: AI Short-Form Video Marketing Platform · React, TypeScript, Vite, Supabase** 2026

- Built a generative video pipeline integrating Google Veo, ElevenLabs, and sync.so, fixing a critical lipsync bug and adding video-to-video sync for reliable output.
- Added a QA agent step using Gemini video understanding, delivering edge functions, DB migrations, and hardened security practices.

## CERTIFICATIONS

---

AWS ML Foundation | AWS Cloud Foundation | Cisco Python Essentials | NPTEL – Human-Centric Computing | Google Skill Boost

## EXTRACURRICULAR & ACHIEVEMENTS

---

- Publicity Lead – G-Jeevan Club & Core Member – Green Campus Team, GRIET (event organizer & volunteer).
- Participated in X-Kernel, Fusion Tech, and multiple college technical fests.
- Won medals in Badminton, Throwball, and Caroms at college-level sports events.
